

**Surrie Everett-Pascoe**  
**Environment Manager – UK and Ireland**  
**Canon (UK) Ltd**

Surrie Everett-Pascoe has recently taken up the position of Environment Manager at Canon (UK) Ltd following a stint as European Director CSR, Environment and Product Safety for Canon Europe which is a role she did for a couple of years, with responsibility across EMEA for environmental and CSR activities, including compliance with environmental legislation and the roll out of the ISO 14001 environmental accreditation. She was also driving a pan-European communications strategy to promote Canon's increasing achievements in the environmental arena. Now back in the UK operation she is focussing on engaging a wider audience in the sustainability effort whilst supporting the expansion of the business.

Previously, Surrie attained the IEMA Certificate in Environmental Management and managed Canon's involvement in the Royal Society of Arts WEEE Man Project (she is a Fellow of the RSA) and took on responsibility for a centralised premises/services department.

Surrie has worked for Canon for 28 years, and has held roles including Company Secretary (she is a qualified Chartered Secretary) and Head of the Legal Department for Canon UK Ltd, and has been responsible for UK-wide change programmes (using her PRINCE2 accreditation). Prior to joining Canon Surrie had a successful career in retail management.

In her spare time Surrie adores spending quality time with her three teenage children and when time allows she enjoys renovating homes in the UK and France.
